Section 4: Funds

ARTICLE II: Statement of Purpose

1. Build an active community of students with a shared interest in technology.
2. Sponsor events and activities promoting intellectual, technical, professional, and social development.
3. Provide career guidance to members.
4. Foster relationships among members, students, alumni, faculty members, the local community, and businesses.
5. Provide service and philanthropy to the local community.
6. Maintain lifelong cooperation and friendship among the members of this fraternity.
7. Kappa Theta Pi is committed to a policy of equal opportunity for all persons and does not discriminate based on race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, height, weight, or veteran status in its membership or activities unless permitted by university policy for gender-specific organizations.

ARTICLE III: Membership

Section 1: Terminology

1. The *Pledging* process is the first semester of membership within the fraternity.
2. A *Pledge* is a member undergoing the Pledging process.
3. The *Rush* is the process by which the fraternity is introduced to Pledge candidates and decides which candidates shall proceed into the Pledging process. A Pledge candidate undergoing the Rushing process may be called a *Rushee*.
4. An *Active* is a fraternity member who has successfully exited the Pledging process, is a current student at the University of Texas at Dallas (the University), and is in otherwise good standing (see Article III) with the fraternity.
5. An *Inactive* is a fraternity member who is not currently participating in fraternity requirements but will return to active status at the end of the semester.
6. An *Alumnus* is a former active student who has graduated from the university and was in good standing with the fraternity in their last semester of enrollment.
7. In our fraternity hierarchy, **Executive Members** hold the highest authority and are responsible for leadership, decision-making, and guiding the fraternity's direction. **Active Members** come next, participating fully in

events and supporting executive decisions. **Inactive Members** follow as those who, though temporarily not participating, retain their membership status and may re-engage. **Alumni** are valued for their past contributions and offer mentorship, while **Pledges** are at the introductory level, learning about the fraternity and aspiring to join the active membership by demonstrating commitment and respect for our values.

8. It is crucial for pledges to respect the positions of each brother, as this respect reflects their dedication to the fraternity's values and commitment to becoming part of the brotherhood. Failure to show proper regard for each role disrupts the unity and order that define our fraternity. Any disrespect towards a brother can lead to disciplinary action, as honoring these roles is a fundamental expectation for pledges aspiring to join as full members.

Section 2: Eligibility

A Rushee who wishes to enter the Pledging process must reasonably expect to remain at the University for at least one more semester, excluding their Pledging semester.

Section 3: Rush

1. At the beginning of the fall and spring semesters, the Vice President of Membership and Director of Rush will arrange advertising, informational sessions, events, and applications for potential members with assistance from involved members.
2. Rush shall begin with informational sessions that provide an overview of the fraternity to interested students.

3. After attending an informational session, all students interested in becoming members of Kappa Theta Pi must fill out an application to acquire clerical information and a summary of their interests.
4. Events are for students interested in becoming active members. The Vice President of Membership and involved members will organize the rush events. At each event, attendance, participation, and overall behavior will be factors that determine eligibility for a bid.
5. After the Rush process, the executive board will hold a technical and behavioral interview. At least three Executive Board members will be present at each interview.
6. A selection meeting will be called within 7 days of the last interview, comprising all eligible active members to determine the Pledge class. Active members must attend two Rush events to vote at the selection meeting. All available members of the fraternity conduct the selection meeting, and the Vice President of Membership or Director of Rush will present the pledges. Via discussions and voting, bids are assigned to potential members based on talent and fraternity needs. The Executive Board holds the final decision for all bids.

Section 4: Pledging

1. As Pledges of Kappa Theta Pi, they shall be required to participate in the events and onboarding requirements decided by the Vice President of Membership to create bonds amongst other pledges and active members and foster commitment to KTP. Failure to complete all of the requirements,

unless overridden by a 2/3 majority decision of the Executive Board, shall result in loss of a Bid.

2. Big and Little pairings shall be decided within 7 weeks after pledge initiation. If interested, an active member shall be paired with one Pledge. The Vice President of Membership shall determine secret gift offerings, informal interviews, or other requirements. If the number of pledges exceeds the number of active members wanting a little, the actives can choose to take more than one little. If there are more pledges than active members willing to take a Little, the Executive Board will determine alternative pairings or mentorship arrangements.
3. Pledges are expected to interact with all active and executive members with the utmost respect and professionalism. Any behavior that undermines the dignity of the fraternity, its members, or its leadership will be subject to disciplinary action.
4. Pledges shall be subject to a distinct disciplinary system, separate from the 3-Strike System governing active members. This pledge-specific system, as defined in the 'Pledge Code of Conduct,' is based on tracking infractions, and pledges do not accrue strikes as defined in Article IV, Section 9. Disciplinary actions are determined by the Executive Board and may include fines, additional requirements, or termination of the pledge process. ([KTP Code of Conduct](#) and [Absent Guidelines](#)).
5. Until a Pledge becomes an Active, they shall be conducted under a strict 'Dry' policy for the entirety of the pledge program. This  Dry Pledge Rules prohibits any and all association with alcohol and controlled substances.

- a. Prohibited activities include, but are not limited to:
 - i. The consumption, possession, holding, or distribution of such substances.

Additionally, pledges may not post, share, or engage with any content involving alcohol or substance use on social media platforms for the duration of the program.
- c. Any violation of this policy [dry pledging] will result in immediate disciplinary action, which will include a **formal infraction**. Leading to an immediate meeting with the Executive Board and being exited from the fraternity.
 - i. Any brother found hiding, protecting, or enabling a pledge to violate the Dry Pledging Process, including but not limited to, the use, possession, or appearance of alcohol or controlled substances, will be held equally accountable and subject to the same disciplinary consequences deemed by the Vice President of Internal Affairs .

6. At a Crossover event at the end of each semester, pledges who complete the pledging process shall become active members.
7. The pledging process is a probationary trial period intended to assess a pledge's character, trustworthiness, and commitment to the fraternity's values and mission. As pledges are candidates for membership, they are not afforded the rights or privileges of active members as defined in this Constitution.
